

# Cevit-Vet<sup>®</sup> Powder

Vitamin-C

**Composition:**

Each gram Cevit-Vet<sup>®</sup> Powder contains L-Ascorbic Acid (Vit-C) 980 mg.

**Pharmacology:**

Cevit-Vet<sup>®</sup> Powder is the water soluble vitamin is readily absorbed from the gastrointestinal tract and is widely distributed in the body tissues. It is believed to be involved in biological oxidations and reductions used in cellular respiration. It is essential for the synthesis of collagen and intracellular material.

Vitamin C deficiency develops when the dietary intake is inadequate and when increased demand is not fulfilled. Deficiency leads to the development of scurvy, delay blood coagulation, anaemia, cartilage & bone lesions and slow healing of wounds. It helps to keep the Vit-E in good condition in the body. Ascorbic acid enhances iron absorption from gastrointestinal tract.

**Indication:**

Any kind of stress like heat stress, Adverse climatic condition, Transportation, Pullet replacement, Overcrowding, Culling, Vaccination, Anthelmintic use etc. Intestinal ulcers, scissoring ulcer or any kind of wound for proper healing by collagen synthesis. To prevent thin-shelled egg formation in case of excessive environmental temperature. During debeaking to prevent hemorrhage & stress. Supportive treatment in case of coccidiosis for healing of intestinal ulcer.

**Dosage & Administration:**

Poultry: 1 gm / 5 – 10 litre of drinking water for 5 days.

**Side Effect:**

It has no side effect at recommended dose.

**Storage Requirement:**

Store in a cool & dry place.

**How Supplied:**

100 gm & 1 kg container.
