

Maganta™ Plus

Magaldrate USP and Simethicone USP

COMPOSITION

Maganta™ Plus Tablet: Each chewable tablet contains Magaldrate USP 480 mg and Simethicone USP 20 mg.

Maganta™ Plus Suspension: Each 5 ml contains Magaldrate USP 480 mg and Simethicone USP 20 mg.

PHARMACOLOGY

Magaldrate neutralizes gastric acid, thereby increasing pH of stomach and duodenal bulb. It also increases lower esophageal sphincter tone and inhibits smooth muscle contraction and gastric emptying. Simethicone lowers the surface tension of gas bubbles.

INDICATION

Hyperacidity, gastric and duodenal ulcer, gastritis, heartburn, dyspepsia, gastroesophageal reflux.

It is also indicated for the relief of flatulence, abdominal distention and windy colic.

DOSAGE & ADMINISTRATION

Maganta™ Plus Tablet: 1-4 chewable tablets, 20 to 60 minutes after meals and at bedtime, or as directed by the physician.

Maganta™ Plus Suspension: 2-4 teaspoonfuls (10-20 ml) of suspension, 20 to 60 minutes after meals and at bedtime, or as directed by the physician.

CONTRAINDICATION

Intestinal obstruction, renal function impairment, appendicitis, chronic diarrhea, sensitivity to aluminium, magnesium and simethicone.

SIDE EFFECTS

Constipation, diarrhea, intestinal pain.

USE IN PREGNANCY & LACTATION

Pregnancy category C, so should be used in pregnancy only when necessary. Chronic high dose should be avoided.

Children: Not recommended under 6 years of age unless properly diagnosed.

PRECAUTIONS

Should be cautious, if allergic to any ingredient to Magaldrate and Simethicone suspension, with a history of kidney problems or taking citrate salts (found in some calcium supplements, antacids and laxative). Do not take with tetracycline antibiotics. Antacids can interfere with the absorption of iron preparation.

STORAGE CONDITION

Store in a cool and dry place. Protect from light. Keep out of the reach of children.

HOW SUPPLIED

Maganta™ Plus Tablet: Each box contains 100 chewable tablets.

Maganta™ Plus Suspension: Each PET bottle contains 200 ml suspension.
